

# Golden Isles Woodworkers and Woodturners

April, 2018

[www.GIWW.org](http://www.GIWW.org)

## PRESIDENT'S MESSAGE

The April meeting will be held at 304 Brailsford Place, St Simons at 10AM on April 14. Paul Speich will give a talk on creating straight square boards from the lumber you find at the home stores. Come and learn how and enjoy some refreshments and fellowship. Remember to bring a chair and some sample pieces of your latest work. We will be needing future speakers so consider sharing your experiences with everyone at a meeting. Everyone has a different view on how to do things. In club news, we are now insured for 2 million dollars for any accidents at club events for less than \$300 a year. There is still lots of wood and tools available from our recent acquisitions so come to the meeting and take some home with you and help clean out my shop.

**I am still looking for more volunteers for demos and ideas for demos. Let me hear from you.**

David Loehle

**Next Meeting**  
**April 14, 10 AM**  
**At David's**  
**304 Brailsford Place, St Simons**  
**Demo by Paul**
