

# Golden Isles Woodworkers and Woodturners

August 11th 2021

[www.GIWW.org](http://www.GIWW.org)

**Doug Ballard's joint**

**1377 Cate Rd**

**14**

**August ~~11th~~**

**10 am**

Please say hi to Rick Bassett and Kim Newby our new members.

Our Demo for July was run by Doug Ballard, on making wood vices & clamps using a 'Beal' system jig. It was fascinating!

Next month's demo will be done by Charles Walker. He has a jig that can flatten boards that are warped, twisted, and not usable. Bring your dust masks

Minutes of July meeting. Eddie was back and dropped the gavel at 10 on time. 19 members and three guest.

Case Cert. won by Rich Bassett our new member and ?????? fess up and let me know who won the other one. Raffle \$ 65.00 two new members 60. and \$ 40.00 from the wood picked up. Total 165.00 to the kitty.

Ed Mercer, Eddie Wildsmith, and Steve Posey collected a bunch of wood and carvings from a Debra Hall that contacted the club via the website. She lives on St Simons and due to death in family wanted to see if as a club could use the wood. (we can always use wood I told her upon phone contact) Ed Mercer was amazed in the detail of the wood carvings that he completed. One of our new members saw the wood and bought some of it right off the bat. She planned to throw it all out if we did not want it.....

The club, also talked about being able to help out a family or a deceased member, or even someone that is not a member. To move or sell, the shop equipment, tools, and any wood they may have stored.

Barbara mentioned that we, as a club, should acknowledge members and their spouses in the event of illness and hospital stays. Maybe to reach out and lend a helping hand for the family. Let's make sure we do this! Let the Club secretary (thats me) Craig Farnsworth, [rumtiger@gmail.com](mailto:rumtiger@gmail.com).

Any members that have large pieces of lumber that needs equipment to plane, cut, or sand, can go to Unique Moldings on Norwich street. This company is owned by Gary Hill, and his 2 sons Garrad & Taylor, are extremely helpful and knowledgeable in all phase of woodworking! And they are EXTREMELY reasonable in pricing too! Please give them a call. Eddie has a few business cards from them at the shop, he will pick up more for y'all.

Demos coming for 2021

we need a demos for Sept and October

Barb Hahn brought in a small trinket box for a giveaway It was won by Dave Lets see what Dave dreams up for the august meeting. More things were brought in by Eddie.

## Members creations

Roy Y.

Roy's new walnut and cherry bed.  
queen size.

just completed the nite stand

Walnut from Tom Pope and the cherry  
vener from Case in Savannah.

Roy's nite stand on  
left and a beautiful  
Flame Box Elder  
vase with top  
handle

## Flame Box Elder//Box Elder tree

According to Wikipedia BOX ELDER IS A BEETLE These bugs invade the Elder tree and in turn the tree secretes powerful chemicals to the invading site. The name Flame Box Elder comes about from the coloration. First the beetles attack, boring holes throughout the tree. These wounds become avenues for a fungal invasion. Eventually the tree falls and we are able to appreciate the beauty of nature in action. The red coloration will become more muted over time. The same as the ambrosia maple

## Barb Hahn

Spalted Wood with ebony top and foot

Maple bowl textured and airbrushed

Box Eder hollow form  
with ebony finial and  
foot

OK there troopers. are you planning,, thinking, coming up with a design for the upcoming show at Goodyear on Jekyll. Sept 2022 WE have a whole month to show our items and sell... Make it stand out.
