President's Message

Happy 4th of July to ALL!!! Be safe and stay cool.

The June demo was fun and an interesting experiment for me. I put a second coat on of all of the natural stains I used during the demo and sprayed the blocks with lacquer. I'll bring them to the next meeting. Some of the stains were extremely effective; others were not.

July's demo will feature Ed Malesky, Woodturner from Jacksonville. Ed will be doing off center spindle turning. The meeting will be held at Barb Hahn's shop in Kingsland on Saturday, July 8 at 10 a.m.

Directions are: Take I-95 south to Colerain Rd (Exit 6), go right, and in about 1-1/4 miles stay right on Colerain Dr. cross Hwy 17 & RR tracks, take first road on the left (Sheffield Cemetery Rd), follow about 1/4 mile and bear left onto Sheffield Court. Barb's drive will be on the left - #53.

Bring A Chair!!!

Planning for the restoration of the six "Boss" Tweed Chairs which were donated to the club will begin at the August meeting. That meeting will be held at Paul Speich's home August 12.

I am looking for volunteers and/or suggestions about demos for September, October and November. Please consider hosting a meeting at your shop. You all have unique skills worthy of being shared with the other members of the club.
