2. From Herb OK - the changes have been made and the Membership Application can be downloaded.

The old "Membership" page (password protection removed) now has some info about the club and how to join, as well as a link to download the application. The Membership Roster has been moved to a new password protected page (same password), "Membership Roster", and it's available under the "more" tab.

5. Continue with show and tell at each meet.. Table set up for display.

6. Activate Face Book page check it out. Changes have been made
