Dave's shop for the JUNE 8th meeting. 304 Brailsford Place. St Simons. Bring a chair. Show and tell. Eat Daves chocolate chip cooties. Gerald is doin a demo on coating wood to prevent cracking.

Remember pictures with Descriptions to rumtiger@gmail.com Easy to remember.. Rum u drink and it turns you into a tiger???

We are a loss for the 6th chair. Dave had 4, Charles has one and the other ????????

I was a wondering if somehow we could do a discussion on pricing of our crafts?? Got any ideas

The chairs as of the April meet are basically done. At the last meeting Jim Welch, Dave, Loehes, Laken Jones, Herb Miles and Charles Walker pretty well finished them up.

Dave pulling strings

Jim W working his fingers to the bone

Gerald the money man with Laken a figuring how to weave those seats.. I wonder if safe to sit on after they are done

Last May 18th several of the members met at the Sea Palms Realty office and set up 5 tents and their crafts. Barb, Dave, Herb, Jim,

But alas tween the heat and what have you, sales were nil, traffic was worse but it turned into a nice gab fest.

We will discuss at our next meeting what and how to do it again If anybody is interested.

Conflab time.. No sales but lots of gabbing goin on.

Only thing better would have been a cold beer, crackers and of course more sales

In case your wondering that is Jim W. and Ralph H.

Below is our pres. Dave L needle and thread? making a basket.

Idle hands not in his making.

Members projects.

Paul Speich just completed a headboard in oak.. note detail of foot and top joiner

Notice also the excellent shop neatness.

Dave has some great pieces here.

I am a little eye tied to do much more.. These pieces make me eyes go all wither wather.

I would also like to "promote" the John C. Campbell Folk School up in Brasstown N.C. just outside Murphy and Blairsville, my wife and I spent a week up there attending a 6 day class on Woodturning and Pottery and we really enjoyed every minute, if our members have never been they are really missing something very special. We enjoyed it so much we are returning for another 6 day session at the end of July. I have loads of photos and would be glad to answer any questions if anyone is interested in the school, I recommend it above Arrowmont in Gatlinburg as a more "hands on" school rather than the "artsy" school in Gatlinburg.

Todds pieces

Whew,,,,,, I hope I got everyone. A bunch of pictures today. and its goin to press next.
