Our meeting at Jim Redden shop January 8th was a big success. 15 members were there plus 3 guests. There were lots of oohs and ahhs with Jims display and lot of interest on his box demo. He made it look so darn easy.. I even went right out and bought the gizmo he suggested from Rockler. Dues are about wrapped up.. Just a few folks left to make a decision whether they want they want to do. We hate to see anyone leave.

4. At each meeting the winner of last months creation will bring in his piece. A no Cost raffle will be produce a winner and he in turn will bring in a piece for the next month. etc. Dave started it out in February bringing a bowl and Ralph won it.
