

Golden Isles Woodworkers and Woodturners

Sept 12th 2020

www.GIWW.org

New Location
300 wrangler Rd.
Brunswick

10 am
behind 1743 Old Jesup Rd

Last meeting Aug 8th th at Bryce Highsmith shop.

Vicki Wilcox will be doing a demo on jigs for pocket hole and ticking stick????

Raffle for Case woodworking certificates and Craft certificates.

Welcome to Bryce Highsmith and Ben Fendig new members.

11 members present.

Follow the arrow.. then
first door on left with
American Flag

Members present at August meeting Bryce H., Craig F., Eddie W., Gerald D., Herb M., Karen G., Jerry G., Jim R., June C., Paul., and Skip H.,

Table was filled with show and tell crafts. Two donations of crafts for sale one from Roy Yarger and one from Craig Farnsworth. Money to the club.

Raffle brought in \$ 60.

Lots of wood donated by Case woodworking supply in Savannah. Thanks to those guys.

Seems as though we are rolling along now.. But remember MASKS and keeping your distance.

PAUL S. gave a great demo on hand tools.. I think we all learned alot. Hand saws, chisel sharpening and planes. Once you start to use a plane you soon learn that it can be amazing. But chisels are good for taking dirt off your hand. Don't let them slip.

Show and tell for this coming meeting. Bring in some of your pieces you have made.

Bring in a tool or some item you no longer use.. WE will raffle it off. Wood to be raffled also also.. If its in your way and keep tripping over it,, bring to meeting.

Winners of Raffle

We had so much to raffle off that many won more than once. To many to list here. Steve P should buy the state lottery ticket.

The main topic of conversation was a project that Paul S and Craig F put together with Case Woodworking in Savannah. Case is offering certificates to our members with a 10% discount on wood and some supplies. Along with this the club is adding \$ 50.00 to each certificate.

The Certificate will be raffled off at a meeting to the members that are in good standing. You must be present at a meeting to receive these certificates. One per member.

Case stipulates that they will collect the certificate when used. You must use the entire amount for your purchase. (easy) Certificate good for one year from date we receive them. No replacements if you lose it. You must use it or give it to another member.

Case Woodworking Supply, 1725 Grove Rd., Savannah ga. 912 927 9000

TO CLARIFY, CERTIFICATES ENTITLE THE HOLDER TO 10% OFF ENTIRE ORDER OF WOOD PLUS \$ 50.00 FROM THE CLUB. BUT YOU MUST HAVE THE CERTIFICATE.

The club is looking for a wolverine sharpening system for lathe tools.. Eddie seems to think he has a grinder that he is not using.

Demos coming up.	Vickie W.	Sept	JIGS for a easier turning experience
	Roy Y	Oct.	simple wood turning
	Craig F	Nov.end	grain cutting boards
	Dave L	??????	Drunken board or cutting bowls out with router
	Bryce H		Mallet making

The following are a few of the many demonstrators who are doing virtual demonstrations online for a nominal fee of \$10.00 via zoom. The demos last approximately 2 to 4 hours. Quality is excellent, both content, and photography. Interaction with demonstrator is encouraged. I have attended approximately a dozen in the past several weeks and have gained so much information. Well worth the value. If you are interested and want more information give me a call at 912-617-3072.

The Tiny Turner

FROM EDDIE WILDSMITH AND MIKE SAWMILL INFO

Ok. Here we go.

Eddie and Mike have decided that they need to do a little clean up around the sawmill. They've got some wood they are planning on giving away, just to help get the place cleaned up a bit. There's some pecan, sycamore, cherry, pine, red oak.

All different thicknesses and lengths

There will be a saw in case any needs cutting to get it home. We'll do this after our next meeting., SEPTEMBER 12th

Some dry some not.

Paul S. demo pictures

Craig F

Regurgitated pc from Piddlers. Dining room table with no legs and paint spilled top. Turned legs and Paul S. gave me a B+ on spindle turning. Made a great TV table.

And a hutch top, removed 3 coats of paint, braced up shelves then varnish and paint.

Charles W.

Marquetry shells I made from scratch. Used sand-shading of tiny pieces.

It's veneer. I stacked light and dark pieces then cut out pattern with scroll saw. The light pieces edges are then scorched in heated sand. Tape the pieces together and apply paper tape to the show face. After it is glued in place on the furniture the paper tape is scraped off.

Drawers for desk.. I need some lessons

Barb H

flame Box Elder with
Mystery wood base finial
and base
5" x 9.5"

Roy Y

**Foot Stool made from wormy Chestnut
given to me from Ron Youst when he
was moving. Finish is my version of the
Sam Maloof finish.**

Herb M

Squirrel Picnic bench..
Herb is asking for more
squirrels brought to him.

Karen G

Salt and pepper grinders
