PRESENTATION:

To Be Announced

GIWW

In April, we had 17 attendees at our monthly meeting. Matt Pruitt did a great demo on turning pipes. He brought several of his finished pipes to show us. They are beautiful. Great job, Matt.

We have another new member. Craig Lardinois (Guyton, GA) has been attending our meetings since January and decided to be an official member of our group. Welcome, Craig. We now have 27 members.

We all got to see the progress the "Painting Team" has made on the painting project Charles initiated. What a wonderful improvement of our new facility. Thanks to Charles, David and Craig for your hard work.

Our members have been doing some really nice work. Several brought their creations for Show and Tell. Plus, in this Newsletter, you will see some really nice items. Thanks to those who send pictures for me to include.

Remember, please send pictures of your projects before the 25th of each month to be certain to have them included in the Newsletter.

P.S. Don't forget that we are scheduled to be featured at the Goodyear Cottage on Jekyll Island. I have emailed a copy of our contract with JIAA and a schedule for submissions to the members who have signed up to participate in the show.

We would love your support at the Reception, scheduled for May 5, 1 – 3 p.m.

The 2D artist(s) scheduled to participate is the Wilderness Foundation. It is a photography group based in Atlanta, but includes members from all over the members are from all over the U.S. They have a "traveling exhibit". This is their website:
