DEMO:

To Be Announced

GIWW

At our June meeting, Craig Farnsworth did a demo on turning yo-yo's. It was fun and informative. Thanks, Craig. You did a great job.

The painting project is on its last wall. All of the exterior walls have been painted. The only one remaining is the interior wall that goes the length of the room. Thanks again to the painting crew, Charles Walker, David Loehle and Craig Farnsworth. It has made a tremendous improvement of the appearance of our new meeting place.

Here it is – SUMMER – and it's already soooo HOT! Be aware of the weather forecasts. Severe storms can pop up at any time in this area. Stay safe.

We still need volunteers for demos, and/or suggestions for demos. Please think about doing one for us.

The club has 27 members to date. We are always looking for new members and encourage our current members to bring a friend whenever possible. One meeting might spark an interest they didn't know they had.

Remember, please send pictures of your projects before the 25th of each month to be certain to have them included in the Newsletter.
