Next meeting

March 11th

1377 Cate Rd
10 am

visitors welcome

The February meeting was a success as yours truly did a great demo. WE all made it thru the cold of winter and now ready for Knats, and hotter temps. Just love this Knats.

The demo for March will be at Dougs place. Charles and Paul will be in charge.. Explaining wet glue,,, no its gooey glue, No its hot glue, I would rather see a hot tamale than sticky ikicky glue.. But we are all faced with it now and again.

Bring a check 35.00 or cash on the barrel head will do just nicely to karen G. Approx 10 members?? not paid yet.

Next month (march) we will have Charles Walker's (Paul Sp.helping) demo on hot hide glue. He needs a warm place to do the demo. So please put in a word to the weather man. Watch for a note from someone if we change the location. I will not be around first two weeks March.

Beads of Courage

We have approximately 9 bowls made up. It sure would be nice to have a even dozen. Come on folks 3 more. Once they are done we can donate them to the hospital thru Roy

Coffee Table
That Cedar table that Paul S., and Charles W. built last year at the Jekyll Arts Spring Festival needs a home.. Some one must need a coffee table. Better than using it for firewood. Please contact me to pick up.

Next month will be a listing of non paid members.

New Member

John Farnsworth Say hello to him at next meeting. Not to be confused with Craig F size difference, you know like big and small.

Craig F.

Left is a combo heart pine, rose wood and wedge with a threaded top.
right is a small salt box from Arcia
