FIRST PRESBYTERIAN CHURCH

1105 UNION STREET

BRUNSWICK, GA

PUBLIC WELCOME

DEMO:

PAUL SPEICH

HAND SHARPENING

PRESIDENT'S MESSAGE

. As Spring approaches our club is involved in many future activities. Paul Speich is heading up the workbench project. We will soon have a very nice woodworking bench for demos and for any future woodworking projects. Ken, Craig, Paul and I are working on our plans and activities for Porchfest 2025 in the Fall. We hope to get more visibility and new members as a result. And lastly, we are scheduled for a show in **October 2026** at the Goodyear Cottage along with Michael Jinkins, a local artist with a large following.

We have discussed having a Spring picnic to get together. Please let Ken or Karen know of your interest.

Now is a good time to do "Spring Cleaning" in our shops. I am doing that now and have found several items that I don't use or have doubles of that others may need items/tools that I forgot that I have!!! If you have extra items that others may use, please bring them in for the raffle table.

We are in need for a demo for April. Our April demonstrator has a conflict and has been moved to June. Does anyone have any suggestions or a demo that they would like to do in April?

I have a longstanding conflict in March and unfortunately, will not be able to attend our meeting. I am disappointed because sharpening is not one of my better skills and I am sure that Paul will be very interesting and informative and everyone will get tips.

Steve

SECRETARY'S MESSAGE

So far this year, we have had great demonstrations. Do you attend woodworking demonstrations in other organizations? If so, have you been impressed with a specific demonstrator? If so, please share that info with us. We are always looking for talented people willing to show us their specialties and techniques.

To date, we have 22 paid members. We are always sad to say that we lost several of our previous members. To keep us afloat, we are looking for new members, so please bring your friends and your relatives to attend one of our meetings. You might awaken a hidden talent.

I'm attaching the resource page that Tracey provided. I cannot attach the Power Point Presentation she provided as it is stored in ICloud and the file is too large to send with our email provider.
