PRESIDENT'S MESSAGE

It is hard to believe that October is here already and college and pro football are dominating Saturday's and Sunday's. Fall also brings cooler weather so we can be comfortable in our workshops as we are creating new items.

We had 16 members at our last meeting and I encourage those who weren't there to try to attend our October meeting.

We discussed having a Christmas Party in December as we have had in the past. We need a volunteer to host it at their home. Your Officers will assist and GIWW will provide funds for the consumables and non-alcoholic drinks. Do we have a volunteer? This is a great opportunity for all of us to mingle and get to know each other better.

Let's all participate in the Christmas Ornament/item contest that we discussed in September. The rules are:

1. You will be provided a number to write on the bag so the voters do not know who made the item
3. Do not sign your item until after the contest.
4. We need at least 10 entrees
5. I will be the only one who knows who has each number and I will not vote. I will show each item at the party and attendees will vote. The winner will win a $75 Gift Certificate to either Case, Rockler, or Lowe's. Winner picks which he/she wants.

Let's support this fun activity and show your skills and creativity.

We are trying to have a schedule for our demonstrations and want our demonstrations to be what you want—both turning and flatwork demonstrations.

Our demonstration schedule is:

October	Video of Turning a Refrigerator Magnet	
November	Turning in and out	Craig Farnsworth
December	Christmas Party	
January	Sanding and Finishing	Mark Wood
February	Carving	Tracey Lee

Please contact David, Karen, or myself if you would like to do a future demo. Everyone has skills or an area of expertise. Share that with your fellow woodworkers/woodturners!

Last but not least I plan to send a short survey out with questions geared towards making our club better so we all ratchet up our skills and become better woodturners/woodworkers. I would appreciate it if you would send the survey back to me via email or mail it to me. I will share the results with you and we will use that as we move forward.

Good turning and sawing!

Steve

Reminder for Demonstrations on Jekyll Island

On December 6, 7 and 8, Jekyll Island Art Association will have their Merry Artists event at the Goodyear Cottage. They will provide a tent, table and chair with electricity. Craig Farnsworth is in charge of this event and encourages participation.

He would like to have sign-ups for demonstrations in two-hour intervals minimum during those three days. More would be great. Times available are morning or afternoon, 10 am – noon and 12 - 4 pm.

We think it's a long way off, but it will here before we know it.

Criag will be bringing his lathe to be used. You would need to provide your tools and wood. Craig is planning to make spin tops.

Other options would include Xmas trees, Santa Claus, or something small you can turn easy and give away.

Dave, Barb and Craig did this last year. It is fun to talk to lots of folks.
